

## Flash light with horn PS 68 1

Supply: 24 VDC

### Main features:

### Specifications electronic

Operating temperature: -20 °C...+50 °C

Wiring analogue: 2x0.75mm<sup>2</sup>

Supply: 24 VDC

Power consumption: 200 mA

Flash frequency: 60 Hz

Volume: 92 dB

### Specifications construction

Housing protection: IP 65

Material: Polycarbonat, grau

Weight: 130 gr

### Features

- Yellow lamp cap
- Connection: screw terminal with wire protection max. 1.5 mm
- Cable entry: membrane grommet; cable diameter max. 13 mm
- Dimension approx: 9x12 cm
- CE tested
- Temperature range: -20°C...50°C
