

## Alarm horn PS 581, 24 V

**Supply:** 24 VDC

### Main features:

### Specifications electronic

Operating temperature: -15 °C...+50 °C

Wiring analogue: 2x0.75 mm<sup>2</sup>

Supply: 24 VDC

Power consumption: 70 mA

Flash frequency: none

Volume: 92 dB, 1m

### Specifications construction

Housing protection: IP 32

Material: ABS, shock-resistant, light grey

Weight: approx. 0.18 kg

### Features

- ABS, shock-resistant plastic case colour light grey
- Connection: conductor 1,5 mm<sup>2</sup>
- Indoor installation
- Weight approx. 0.18 kg
- CE tested
- Dimensions: approx. 7x8 cm
- Ambient temperature: -15°C...+50°C
- Output approx. 92dB, 1m
