

Alarm horn PS 55, 230 V

Supply: 230 VAC

Main features:

Specifications electronic

Specifications construction

Features

Operating temperature:

-15 °C...+50 °C

Wiring analogue:

3x.15mm² PNE

Supply:

230 VAC

Power consumption:

15 mA

Flash frequency:

none

Volume:

95 dB, 1m

Housing protection:

IP 32

Material:

Impact resistant ABS plastic housing,

Weight:

0.18 kg

- Impact resistant ABS plastic housing, colour light grey
- Connection: device terminal 1.5 mm²
- Interior installation (option also outdoors)
- CE tested
- Dimensions: approx. 7x17 cm
- Temperature range: -15°C...+50°C
